# Disclaimer and compliance statement

This presentation has been prepared by Hamelin Gold Limited (“Hamelin”). The information contained in this presentation is a professional opinion only and is given in good faith. Certain information in this document has been derived from third parties and though Hamelin has no reason to believe that it is not accurate, reliable or complete, it has not been independently audited or verified by Hamelin.

Any forward-looking statements included in this document involve subjective judgement and analysis and are subject to uncertainties, risks and contingencies, many of which are outside the control of, and maybe unknown to Hamelin. In particular, they speak only as of the date of this document, they assume the success of Hamelin's strategies, and they are subject to significant regulatory, business, competitive and economic uncertainties and risks. Actual future events may vary materially from the forward looking statements and the assumptions on which the forward looking statements are based. Recipients of this document (“Recipients”) are cautioned to not place undue reliance on such forward-looking statements.

Hamelin makes no representation or warranty as to the accuracy, reliability or completeness of information in this document and does not take responsibility for updating any information or correcting any error or omission which may become apparent after this document has been issued.

To the extent permitted by law, Hamelin and its officers, employees, related bodies corporate and agents (“Agents”) disclaim all liability, direct, indirect or consequential (and whether or not arising out of the negligence, default or lack of care of Hamelin and/or any of its Agents) for any loss or damage suffered by a Recipient or other persons arising out of, or in connection with, any use or reliance on this presentation or information.

The information in this report that relates to Exploration Results is based on information compiled by Mr. Peter Bewick who is a Member of the Australasian Institute of Mining and Metallurgy. Mr. Bewick hold shares and options in Hamelin. He is a full time employee of Hamelin and has sufficient experience which is relevant to the style of mineralisation under consideration to qualify as a Competent Person as defined in the 2012 Edition of the 'Australian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Mr Bewick consents to the inclusion in the report of the matters based on the information compiled by him, in the form and context in which it appears.

Hamelin confirms that it is not aware of any new information or data that materially affects the information in the relevant ASX releases and the form and context of the announcement has not materially changed. Hamelin confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcements.

<sup>1</sup> Refer to Hamelin Gold IPO Prospectus dated 17 September 2021

This announcement has been approved for release by the Board of Hamelin.

## BOARD and KEY MANAGEMENT

**Will Robinson**  
**Non Executive Chairman**

*B.Comm, MAusIMM*

**Peter Bewick**  
**Managing Director**

*B.Eng (Hons), MAusIMM*

**Justin Osborne**  
**Non Executive Director**

*B.Sc (Hons), FAusIMM, MAICD*

**Philip Crutchfield KC**  
**Non Executive Director**

*B.Comm, LL.B (Hons), LL.M LSE*

**Clayton Davys**  
**Exploration Manager**

*B.Sc (Hons)*

## CAPITAL STRUCTURE

Shares on Issue	198.3M
Employee and Broker options	18.4M
Market capitalisation (@ 7.8c)	\$15.5M
Cash at 31/12/25	\$3.6M
Enterprise value	\$11.9M

# Day Dawn Project - Paterson

- 10km NW of the +32Moz Telfer gold-copper mine
- High grade vein / reef style gold including;
  - Aurora
    - 7m @ 17.1 g/t Au from 16m
    - 3m @ 51.1 g/t Au from 35m
  - Sparrows
    - 4m @ 13.4 g/t Au from 178m
  - Phoenix
    - 4m @ 29.7 g/t Au from 8m
- Drilling to commence May / June 2026

*(refer to ASX Announcement 9 February 2026)*

*Day Dawn Project – Tenement Outline over Bing Sat imagery (GDA94 z51)*

# Day Dawn Project – Aurora Lode

Aurora Prospect – Drill collar location on Bing Sat imagery

Aurora Lode Long Section (GDA94 z51)

# Aurora Lode

Aurora / Altus Lodes – Section A

Aurora Lode – Section B

Aurora Lode – Section C

# Venus Project - Yilgarn

- Large tenement position adjacent to Ramelius and Westgold gold operations
- 50km north of Mt Magnet and 20km south of the Tuckabianna gold mill
- Neighbour to Caprice's Island project
- Lake Austin covers the clear extensions of known gold corridors
- High grade gold at Magellan
  - 5 metres at 2.95g/t Au from 100 metres to EOH

(refer to ASX Announcement 27 January 2026)

# Venus Project

- Detailed (50m spaced) airborne magnetics and radiometric survey in progress
- Phase 2 surface sampling program in progress to the west and south of Comet gold mine
- Heritage survey planned for late March to clear priority targets for drilling including Magellan
- Initial targets to be re-prioritised follow review of aeromagnetic and geochemical surveys

# West Tanami

- Use of innovative surface geochemistry, airborne EM and regional aircore drilling to screen for significant mineral systems
- Five large scale mineral systems defined; Sultan, Mojave, Camel, Hutch's and Fremlings
- Bedrock gold mineralisation intersected at Jazz and Fremlings South in 2025
- 2026 programs to search for high grade gold shoots within deposit scale gold footprints

West Tanami Project – Tenements and Key Prospects (GDA94 z52)

# West Tanami

# Jazz Prospect

- Mineralised granitoid at the intersection of two major regional structures
  - Aircore and RC drilling programs completed in 2025
  - Broad zones of intense veining and low to moderate gold mineralisation
  - Large mineral system open to the south, west and at depth
  - Review of 3D geochemistry to define vectors to bedrock mineralization
  - RC drilling planned for mid 2026

Jazz Prospect – RC drill hole results on magnetics (GDA94 z52)

Refer ASX Announcement dated 14 November 2025

# South Fremlins Prospect

- Aircore drilling along NNE trend confirms +400 metre long mineralised structure
- Sediment hosted gold mineralisation with evidence of extensions at depth
- Heritage clearance survey (Apr/May 2026) with aircore drilling planned (mid 2026).
- RC to follow targeting high-grade shoots at depth

South Fremlins - +1g/t outline on magnetics (GDA94 z52)

Refer ASX Announcement dated 14 November 2025

# The Focus for 2026

- Define high-grade gold lodes at Day Dawn, Paterson Province
  - Target initial resource at Aurora
- Initial drill test of priority targets at the Venus Project, Yilgarn Province
- Evaluate large scale gold systems for high-grade shoots in the West Tanami, Tanami Province
- Continue to build the WA gold exploration portfolio
